About the journal

The magazine is now a full colour glossy in A4 format:

- 88–120 pages per issue;
- bymonthly circulation;
- 10,000 printed copies.

Published since May 2006.

Magazine's structure:

- world news;
- market and company news;
- analytics;
- company of the issue;
- interviews with CEOs of the industry's leading companies;
- articles and overviews on equipment;
- exhibitions, seminars, conferences.

Electrotechnical Market targets

to give information and expert support to those who are engaged in production, sales and shipments of electrical products, rendering services on equipment repair and technical maintenance and to encourage development of the electrical market.

The magazine is circulated all over the Russian Federation and CIS via:

- Direct subscription (more than 3,500 subscribers);
- Companies' managers at all important electrical exhibitions, seminars and conferences;
- Delivery to personal addresses of leaders and specialists of the electrical industry;
- Free delivery to companies' addresses.

We are trying to deliver our magazine to the largest possible number of people interested in up-to-date information about new developments of the electrical market
